Telemedicine primary care

Hi I'm Eva, your health assistant

I have a stomachache!

Sorry to hear that!

Do you want me to contact your care team?

Yes

Ok, before I notify your primary care provider, let me ask you some questions first

Is this similar to the stomachache you had yesterday?

Yes

How many hours have you had a stomachache?

2

Are you getting acid reflux again?

Yes

Your GERD seems to be acting up again.

I've contacted Dr. Robert Holton, your primary care provider.

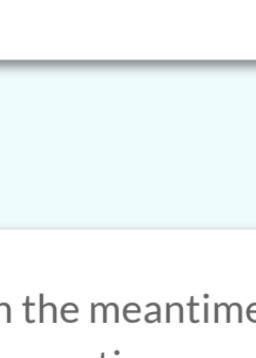

I also let him know about the new symptoms you've been having so far. He will contact you sometime today.

In the meantime:

- 1) Take 2 500mg tablets of chewable tums
- 2) For the next few days, avoid the spicy foods that you usually eat

I will check in with you in 4 hours.

Ok

SHR has been updated by:

Dr. Robert Holton

Primary Care Provider

Emergency care

Hi I'm Eva, your health assistant

Adam is having a seizure!
Call 911!

I'm showing your location at work.
202 Burlington Road, Bedford,
MA, 01730. Is this right?

Yes

911

Calling...

The ambulance is on its way. Let me connect you to an emergency care physician.

Hi this is Dr. Andrew Lee,

How long has Adam been unconscious?

1 min

Do you know any other information about him?

Adam Johannson, 25, Boston

Ok I've pulled up his SHR. I've sent it to the emergency response team as well.

Let's get Adam on his side so that we keep his airway clear. It looks like he's recently had surgery in his right arm so take care when putting him on his side. I'll stay with you until the ambulance arrives.

Ok hurry!
